Dear Mr. Loeb:

Thank you for contacting me with your support for services for homeless veterans and your efforts to alleviate the homeless problem in your area.

I am encouraged to hear about the Veterans Services of America program, which will help alleviate the problem of homeless veterans by giving interim housing and help with the difficult transition back into civilian life. As Americans, we are forever in debt to the members of our armed services, past and present, who put their lives on the line to guarantee our freedom. Without the sacrifices made by our brave men and women in uniform, our nation would lack the freedoms we enjoy today. Please be assured that I will continue to work with my colleagues in the Senate to ensure that the veterans affairs system works effectively and efficiently, while providing the utmost care and benefits to the men and women who have given so much to our great nation.

Again, thank you for your commitment to the service men and women of our country. If you have any additional questions or comments, please do not hesitate to contact me.

Sincerely,

Mel Martinez
